About Us.

Welcome to Eduvos. Voted the best private higher education provider in South Africa for two consecutive years, we are known for quality, affordable private higher education.

Our 12 campuses offer over 20 accredited qualifications, which are internationally recognised. Our faculties include: Applied Science, Commerce, Humanities, Information Technology, and Law.

Eduvos knows what it takes to succeed in the world of work. Our flexible learning modes, and work integrated learning approach, ensures our students not only study a curriculum designed for the future, but also gain real-world industry experience. It is our mission to ensure our students—known as Vossies—graduate and succeed in their dream careers.

“Everywhere I go, I’m proud to be a Vossie. People see my achievements and feel inspired, often saying they wished they went to Eduvos too.”

*— Geraldine Gerald
Bachelor of Science in Information Technology
(Software Engineering) Graduate*

Our *History.*

Eduvos has a rich history in Higher Education, spanning over 45 years.

1979

CTI Education Group was founded and later partnered with Midrand Graduate Institute (MGI), marking the beginning of a significant presence in higher education in South Africa.

2011

The two institutions merged to form the Pearson Institute of Higher Education (PIHE), establishing a growing and credible institution with high standards and a broad footprint in private education across the country.

2021

In February, PIHE was acquired by a consortium led by EXEO Capital and Stellenbosch Graduate Institute. Following the acquisition, the institution was rebranded and registered as Eduvos, carrying its legacy into a new era of private higher education.

A *Welcome* From Our CEO.

At Eduvos, we believe that every student is unique. Our commitment goes beyond imparting knowledge; it's about preparing our students to thrive in their communities and succeed in an ever-evolving world of work.

As we proudly reflect on being voted the best Private Higher Education Provider in South Africa for the second consecutive year by PMR.africa, we remain driven by our mission to shape potential—student by student—towards Africa's prosperity.

The future of higher education is dynamic, and, at Eduvos, we understand the importance of delivering holistic learning experiences. Our industry-relevant, accredited qualifications include meta-learning techniques, and our holistic approach fosters real-world connections, encompassing student wellness and psycho-social support.

Choosing Eduvos means choosing an education that equips students for success— for their careers, communities, and our beautiful country.

We invite students across South Africa to make Eduvos their first choice in higher education.

Yours in learning,

Siegie Brownlee
CEO, Eduvos

SCAN
to hear from our CEO.

Our *Purpose* and Values.

At Eduvos, we are driven by our mission of shaping potential—student by student—towards Africa's prosperity.

Our values guide how we operate. We believe that by living our values, we will achieve our vision of becoming a thriving African meta-university that combines scale, quality, culture, and impact.

Our *Accolades.*

We are committed to excellence in higher education and have consistently earned recognition as a leader in the field.

Eduvos is honoured to be named one of the Top 10 fastest-growing companies in South Africa by Insights Success Magazine and CIO World. These accolades, which position Eduvos as a transformative force in education, underscore our dedication to shaping potential and adapting to the dynamic landscape of global education and workforce demands.

Our achievements also include receiving PMR.africa's Diamond Arrow Award for "Best Private Higher Education Provider in South Africa" in both 2023 and 2024. This recognition, awarded by a diverse group of leaders from South Africa's business and government sectors who employ graduates from private higher education institutions, showcases our commitment to producing industry-ready graduates who possess academic excellence, and the innovation and leadership skills that employers value.

pmr.africa | 2023 Diamond Arrow 2024 Award Winner

Why Choose Eduvos?

1 Accredited Qualifications, Internationally Recognised.

We offer over 20 accredited qualifications across five future-facing faculties: Applied Science, Commerce, Humanities, Information Technology, and Law. Our qualifications include bachelor's degrees, higher certificates, honours degrees, postgraduate diplomas, short learning programmes, online short courses, and access and pre-degree foundation programmes.

2 Committed to Academic Integrity.

Our accomplished team of staff and lecturers bring a rich blend of academic and industry expertise to the classroom. With over 40 doctorates to their names, our academics know what it takes to succeed in the world of work.

“ My lecturers went the extra mile for me, and their belief in me kept pushing me to do my best. They were always willing to help with smiles on their faces. Eduvos has a way of bringing in people who are willing to serve and be of service.”

– Mamookgo Madumise
Bachelor of Science in Information Technology
(Security and Network Engineering) Graduate

3 Future-Proof Skills.

We cultivate future-proof skills that impress employers by focusing on learner needs, industry trends, and workplace demands. Critical thinking, goal setting, creative problem-solving, teamwork, and communication are just a few of the 21st-century skills you'll develop during your time at Eduvos—the very skills employers seek.

“ I wanted to study while working, and when I saw the modules for IT at Eduvos I was blown away. These spoke to the conversations that we're having in the boardroom at work. It confirmed the qualifications at Eduvos prepare you for the jobs of the future.”

– Riette Russion
Higher Certificate in Information Systems
(Data Analytics) Student (UpNXT Mode)

4 State-of-the-Art Facilities.

Our campuses are designed for the modern world of work, featuring facilities that support both learning and social interaction. You'll step into the digital world with access to unlimited online tools. Our campuses feature fully equipped IT and Graphic Design labs, lecture venues, resource centres, and more. At our Midrand and Pretoria campuses, we offer cutting-edge biomedicine facilities, complete with state-of-the-art laboratories where our students develop essential workplace skills.

5 Microsoft 365 Access.

All Eduvos students receive a Microsoft Office 365 account, complete with a vossie.net email address and the full Office Suite (Outlook, Word, Excel, PowerPoint). Students also benefit from myLMS, our custom Learning Management System, which provides academic support throughout their studies.

6 Clubs and Societies.

We prioritise student development by ensuring our campuses cater to the diverse needs of our student body. Whether you have a passion for sports, creativity, or leadership, Eduvos has a club or society for you. We believe the student experience is a vital component of the higher education journey.

*Please note that each campus offers different clubs and societies.

7 Pre-Admission.

Eduvos is the only private higher education institution offering Matrics and Grade 11s the chance to pre-enrol. Simply apply with your most recent term results, and we'll guide you through completing your enrolment once you receive your school-leaving certificate. We've also removed entrance barriers so students do not have to complete the NBT test to secure your spot at Eduvos.

START
your future today!

From inspiring student success stories and campus event highlights to faculty achievements and exciting announcements, there's always something new to explore. Discover the stories and milestones that define Eduvos and see our vibrant community in action on our blog.

2025 Open Days and Application Days.

Join us on select Saturdays throughout **2025** at all **12 Eduvos campuses** for our Open Days—an ideal way to experience student life firsthand. Enjoy campus tours, meet our Campus General Managers, and connect with our academic team in faculty information sessions. Our consultants will also be available to guide you through the application process and answer any questions you may have.

You'll have the chance to engage with our industry, accommodation, and funding partners, offering personalised insights into career paths, student residences, and financial support options.

We look forward to welcoming you to campus.

your future today!

Student Accommodation.

Eduvos has partnered with Respublica Student Living, one of South Africa's leading student accommodation providers. For students seeking accommodation near our Midrand campus, Respublica's Princeton Village offers safe, secure, and convenient student living right next door to campus (respublica.co.za).

Additionally, DigsConnect (digsconnect.com) connects our students with housing options across South Africa, close to various Eduvos campuses.

Each of our campuses can also recommend local accommodation. For more information on accommodation, contact your nearest campus, refer to page 39 for campus details.

External Bursaries.

At Eduvos, we strive to partner with organisations that provide financial support to students in South Africa.

These bursaries, offered by external companies, trusts, or organisations, are available to both prospective and current Eduvos students.

SCAN
for more on bursaries.

Funding Opportunities.

We've partnered with several funding providers to assist students with funding their studies. These include:

ABSA absa.co.za

ABSA's study loan offers an opportunity to borrow funds at a low interest rate, either for yourself or for someone whose studies you wish to help finance.

Capitec Education Finance capiteceducationfinance.co.za

Unlock your potential and fund your future with an education term loan from Capitec Education Finance in association with SmartFunder. You could receive up to R500,000 at a discounted fixed interest rate and up to 84 months to repay.

Fundi Connect fundi.co.za

Fundi is South Africa's leading education finance specialist. They believe that the more you know, the more you can achieve. Fundi enables you to pursue your dreams with the support you need through loans that cover registration, tuition fees, outstanding balances, accommodation, laptops, and other study materials.

Manati manati.co.za

Manati is committed to providing greater access, achievement, and affordability by offering fixed instalments during studies at low interest rates.

Student Hero studenthero.co.za

Student Hero is a free consulting service for tertiary education funding, where you can apply for, qualify for, and compare offers from the major banks and alternative finance providers, all from one platform.

“My bursary has given me and my parents financial freedom because it's taken care of basically everything. They don't just focus on academics, they cover everything, including tuition, accommodation, textbooks, and even pocket money. They also provide us with psychologists and workshops to prepare us for interviews for future employment.”

- Mumba Kofya

Accredited Private Higher Education.

As a degree-conferring institution, we proudly offer accredited and registered qualifications, in line with the regulatory requirements set out by the Department of Higher Education and Training (DHET).

Eduvos is a registered private higher education institution with the DHET under the Higher Education Act No. 101 of 1997, with registration certificate number: 2001/HE07/008. Our qualifications are accredited by the Higher Education Quality Committee (HEQC) of the Council on Higher Education (CHE), ensuring that the qualifications are both quality-assured and peer-reviewed. Eduvos's qualifications are also recorded on the National Qualifications Framework (NQF) by the South African Qualifications Authority (SAQA).

Our Information Technology Faculty is a member, partner, or endorsed by the following:

- Amazon Web Services (AWS) Academy
- Institute of Chartered IT Professionals (ICITP)
- Integrated Electronics (Intel) Corporation
- SAS Institute
- South African Artificial Intelligence Association (SAAIA)
- The Computing Technology Industry Association (CompTIA)
- The Institute of Information Technology Professionals South Africa (IITPSA)

Where applicable, students enrolled in certain IT qualifications have the opportunity to earn industry-recognised certifications from AWS Academy, CompTIA, SAS Institute, and Intel Corporation, as well as the opportunity to become members of IITPSA, ICITP, and SAAIA.

Our Commerce Faculty is endorsed by:

- Association of Chartered Certified Accountants (ACCA) (Eduvos Midrand is an approved exam centre for ACCA computer-based exams)
- Cape Town Tourism (CTT)
- Chartered Institute of Management Accountants (CIMA)
- South African Board for People Practices (SABPP)
- South African Institute of Chartered Accountants - Associate General Accountant (SAICA AGA (SA))
- The Institute of Accountants and Bookkeepers (IAB)
- The Marketing Association of South Africa (MASA)

Where applicable, students can also earn micro-credentials, including Sage Payroll and Pastel; Airfares and Ticketing (Certificate in Domestic Fares and Ticketing); and Global Distribution Systems (Certified Galileo Reservations).

Modes of *Learning.*

Modes of *Learning.*

Online

Online provides flexibility for students who cannot attend lectures during traditional office hours or in-person lectures. Students attend synchronous (live on MS Teams) lectures*, on weekdays from 18:00 – 21:00 (SAST) and on Saturdays. Students use our online myLMS portal to access learning materials.

Our online qualifications are available for full-time or part-time study (as outlined below). Full-time students enrol for three or four modules per block, while part-time students typically enrol for one or two modules per block.

Full-Time

Part-Time

Online Full-Time

As a full-time online student, dedicating sufficient time to studies is essential. Expect a typical workload of at least 120 credits per academic year, which allows for completion of qualifications within the minimum duration: 1 year for a Higher Certificate or Honours degree and 3 years for a Bachelor's degree.

Faculty Offerings

- Commerce (selected qualifications)
- Law (selected qualifications)
- Humanities (selected qualifications)
- Information Technology

Lecture Schedule

- Monday – Friday
- 18:00 – 20:50
- Saturdays (Honours)

Online Part-Time

As a part-time student, your workload will typically involve fewer than 120 credits per academic year, enabling you to complete your qualification over a longer period: 2 years for a Higher Certificate or Honours degree and up to 5 years for a Bachelor's degree.

Faculty Offerings

- Commerce
- Humanities
- Information Technology
- Law

Lecture Schedule

- Monday – Thursdays (lessons may be scheduled on Fridays if required)
- 18:00 – 20:50
- Saturdays (Honours)

*Our online lectures are offered in accordance with the Concession of the CHE for programmes accredited for the contact mode of provisioning to continue to be offered through remote, online, distance, and/or blended modes of provisioning.

Distance

Our distance learning model empowers students to study at their own pace without attending live lectures. However, optional consultation support sessions with lecturers are available. Students engage with lecturers and classmates through discussion forums on myLMS and access recorded lectures on the platform.

Distance learning is available part-time and full-time for our Higher Certificate in Business Management, Bachelor of Commerce, Bachelor of Commerce in Accounting, Bachelor of Commerce in Law, and Postgraduate Diploma in Accounting.

Full-Time

Part-Time

Faculty Offerings

- Commerce (selected qualifications)
- Law

Lecture Schedule

Full-Time

- Monday – Friday
- 17:00 – 18:00

Flexibility is essential to delivering a holistic and accessible learning experience. With our hybrid approach, you can engage in a combination of campus-based and online learning, offering the best of both worlds.

Campus Full-Time (Full Contact Learning)

Students attend live, synchronous (live, real-time) lectures during the day, Monday to Friday, at an Eduvos campus. Our blended learning model combines in-person and virtual learning with a “one week on-campus, one week online” schedule for most of our undergraduate qualifications, alternating between campus-based and MS Teams lectures. Students also access learning materials and engage in self-directed, asynchronous study through our online platform, myLMS (Learning Management System), before attending lectures.

For Honours students, we offer full-time programmes in a hybrid format at our Midrand campus (subject to minimum student numbers), allowing students to attend on-campus lectures every second week or fully online via MS Teams.

Full-Time

Faculty Offerings

- Applied Science
- Commerce
- Humanities
- Information Technology
- Law

Lecture Schedule

Full-Time

- Monday – Friday
- 08:00 – 16:50 (May be extended if required)

Part-Time

(Only applicable to Higher Certificate in Information Systems)

- Tuesday and Thursday
- 18:00 – 21:00

Faculties and Qualifications.

Admission requirements
Refer to pages 23-29 for admission requirements.

Access Programmes.

Access Programmes are pathways for admission to a bachelor's degree. Students will learn the necessary foundational knowledge and skills required to succeed in the qualification of their choice.

It is designed for students who have obtained a bachelor's pass or an equivalent qualification but do not meet the required subject requirements of their chosen bachelor's degree programme. Upon successful completion, students will gain entry to an Eduvos degree.

- Bachelor of Commerce Access Programme (Accounting)
- Bachelor of Arts Access Programme (Humanities)
- Bachelor of Science Access Programme (Information Technology)
- Bachelor of Science Access Programme (Science)

*These programmes are not accredited by the Higher Education Quality Committee (HEQC), nor are they registered with the South African Qualifications Authority (SAQA). However, the modules within these programmes contain the accredited NQF level 5 modules, which may allow for direct articulation into the full qualifications if admission criteria are met and an application for exemption is approved.

Pre-degree Foundation Programmes.

Students who have not obtained a Bachelor's pass in their final matric results can enrol in these programmes. Upon successful completion, students will gain entry to an Eduvos degree.

- Pre-degree Foundation Programme (Commerce and Law)
- Pre-degree Foundation Programme (Graphic Design)
- Pre-degree Foundation Programme (Information Technology)
- Pre-degree Foundation Programme (Science)
- Pre-degree Foundation Programme (Social Science)

Sequential Mode of Delivery (SMD or UpNXT Mode)

Our SMD model, known as "UpNXT Mode", lets students focus on one module at a time. This self-directed approach, supported by structured academic guidance, integrates on-campus and online lectures to promote success.

Our UpNXT Mode is available to students pursuing our Higher Certificate in Information Systems qualifications.

Faculty Offerings

- Information Technology (Information Systems)

Lecture Schedule

- Full-Time**
- Monday – Friday
 - 08:00 – 16:50 (May be extended if required)

Part-Time

- Tuesday and Thursday
- 17:00 – 20:00

Honours Programmes

From 2025, our Honours programmes will be offered in three flexible modes:

- | | |
|---|---|
| <p>Campus Full-Time</p> <ul style="list-style-type: none"> • Monday – Friday • 08:00 – 16:50 <p>On-campus at Midrand every second week, with remote participation possible.</p> <p>One year duration. (availability subject to student numbers).</p> | <p>Online Full-Time</p> <p>Hybrid lectures on Saturdays and evenings, comprising of 120 credits over one year, with a commitment to 1200 notional learning hours per year.</p> |
| | <p>Online Part-Time</p> <p>Hybrid lectures on Saturdays and evenings, comprising of 120 credits over two years, with a commitment to approximately 600 notional learning hours per year.</p> |

Faculty Offerings

- Commerce
- Humanities
- Information Technology

Lecture Schedule

- Full-Time**
- Saturday
 - 08:00 – 16:50

Academic Calendar and Four-Block Model

Our academic year is divided into four blocks, allowing students to focus on fewer modules at a time to support stronger academic performance. Each block includes seven lecturing weeks, followed by an assessment period. Before lectures commence (week 0), students are required to engage with course content on myLMS. Supplementary assessments are scheduled either before or after the next block, in line with the academic calendar. You can start your studies with our qualification in any of our Block 1, Block 2, Block 3, or Block 4 intakes.

“You're given a chance to study at your convenience, especially with the blended learning approach. The lecturers are always available to assist and students are assigned to respective student advisors for more help and guidance, which also makes your education journey a lot easier.”

- Reitumetse Siko
Bachelor of Science
in Biomedicine Graduate

Faculty of Applied Science.

Faculty of Commerce.

Admission requirements

Bachelor of Commerce in Law

SAQA ID 120724 NQF level 7

Did You Know?

Eduvos law students compete in Moot Court competitions, hosted at campus with experts from faculty and law professionals. Students gain invaluable experience in legal argumentation, critical thinking, and public speaking, simulating real-world legal proceedings that prepare them for careers in law. These competitions also foster collaboration, build confidence, and connect students with professionals in the legal field, enhancing their practical understanding of the justice system.

“One of the standout features

of Eduvos was its commitment to academic excellence and work readiness. Eduvos boasted a team of highly qualified law lecturers who were experts in their respective fields.”

- Toni Werksman
Bachelor of Commerce in Law Graduate

South African Senior Certificates achieved prior to 2008.

If you have not complied with the minimum statutory matriculation requirements for admission to a bachelor's degree, please contact one of our Higher Education Consultants for alternative paths of admission.

South African National Senior Certificates achieved after 2008.

Minimum admission requirements for undergraduate degrees:

- You must pass at least 6 out of 7 subjects with a minimum of:
 - 40% or Level 3 for your Home Language;
 - 50% or Level 4 for four other high credit subjects (excluding Life Orientation);
 - 30% or Level 2 for two other subjects
- For your Eduvos APS calculation, Life Orientation will be granted 3 points from any percentage above 40%
- Alternatively, the endorsement on your NSC may grant you admission into a Higher Certificate or Foundation Programme

National Certificate Vocational (Level 4) admission requirements.

For admission into a Higher Certificate or Foundation Programme:

- You must pass 7 subjects by achieving a minimum of:
 - 40% in English Language
 - 30% minimum in Maths/Maths Literacy
 - 40% in Life Orientation
 - 50% in each of 4 vocational subjects

For Admission into a Bachelor's Degree:

- You must have achieved a minimum of 60% in three Fundamental subjects (English, Mathematics or Math Literacy or Technical Mathematics, Life Orientation)
- You must have a minimum of 70% in the four Vocational subjects, chosen from the NC(V) registered subject list

The NCV (Level 4) subjects must relate to the degree for which you intend on enrolling for.

Calculation of Eduvos points

NSC%	90 - 100%	80 - 89%	70 - 79%	60 - 69%	50 - 59%	40 - 49%	30 - 39%	0 - 29%

Additional Admissions Information.

GED and American High School Diploma

A holder of General Educational Development test (GED), High School Diploma, or the American High School Diploma which is offered through distance learning, often via Switched on Education or the Lighthouse Christian Academy, may gain admission in either Higher Certificate, Pre-degree Foundation Programme, Access Programme, or Bachelor's degree.

Bachelor's degree

- Minimum required SAT Composite score as confirmed by Universities South Africa (USAf) including the sub-minimum of Evidence in Reading and Writing, and Mathematics
- A letter/certificate of exemption from USAf is required

Access Programme

- SAT Composite Score between 1030 and 1129
- Only the SAT score is required

Higher Certificate or Pre-degree Foundation Programme

- SAT Composite Score below 1030 or the student did not take the SAT.
- A certificate of evaluation from SAQA is required

Please contact one of our Higher Education Consultants for further information and assistance.

Independent Examination Board: International Secondary Certificate (ISC)

- A holder of an IEB ISC would qualify for admission into either Higher Certificate, Pre-degree Foundation Programme, Access Programme or Bachelor's degree
- A letter or certificate confirming an exemption (Senate Discretionary exemption) from Universities South Africa (USAf) will be required for admission in Access Programme or Bachelor's degree

Cambridge Assessment International Education

A holder of a Cambridge qualification would qualify for either Higher Certificate, Pre-degree Foundation Programme or Bachelor's degree depending on:

- The recognised subjects completed
- The number of sittings
- The combination of subjects and their groupings
- The subjects passed at the required level (Ordinary, Advanced Subsidiary and/or Advanced Level)

Please visit eduvos.com for more information.

Mature Age Exemption

Prospective students who do not meet the bachelor's requirements and who will be turning 23 years or above in their first year of registration may be considered.

Recognition of Prior Learning for Access (RPL)

Eduvos recognises that, although you may not hold a qualification obtained in a formal learning set-up, the knowledge you have acquired through non-formal or informal learning may be considered and mediated as an alternative path of admission. Scan the QR code for guidance on how to apply for the RPL process.

Credit Accumulation Transfer (CAT)

Eduvos welcomes students who wish to transfer from other institutions and complete their studies with us. Please visit eduvos.com for guidance on how to apply for the CAT process.

International Qualifications and Students

Our International Office provides guidance and support to all students with international qualifications and/or, any student requiring a visa/permit to conduct studies within South Africa. For further assistance in admission and immigration requirements scan the QR code, or email: international.office@eduvos.com

Student Affairs and Student Support.

Our wide range of initiatives, programmes, and services are designed to support students from enrolment through to graduation. With an emphasis on holistic development, we aim to prepare you for both academic achievement and long-term success. Our comprehensive approach includes academic, financial, wellness, and career support systems, as well as initiatives that foster engagement and a sense of belonging.

In alignment with our purpose, values, and commitment to quality, inclusivity, and access, we engage with external student affairs professionals on community projects. This collaboration broadens our network, integrates fresh perspectives, and continually enhances the Eduvos student experience.

Student Wellness.

At Eduvos, student wellness is a top priority. Our comprehensive support services encompass physical, emotional, and mental well-being, with free counselling services, health programmes, and wellness activities readily available to ensure you have the resources you need.

We strive to create a supportive environment that promotes resilience, academic success, and a growth mindset. Our wellness programmes provide you with the tools and resources needed to maintain your well-being and encourage a balanced approach to life that supports academic and personal achievements.

Our initiatives include wellness events and campaigns, facilitating webinars and workshops on coping strategies and mental health, providing training for the student community and staff, and implementing programmes such as the Mental Health Ambassador Programme (MHA) and Peer Enrichment Programme (PEP) to foster peer support.

Special Needs and Disability Concessions.

We are dedicated to creating an inclusive learning environment that empowers every student. Where possible, we offer concessions to students requiring additional assistance due to learning impediments and/or disabilities.

All students are able to contact our Inclusivity Office (inclusion@eduvos.com), submit the necessary documentation, and communicate their specific needs. This process helps us make necessary adjustments, enabling students to fully engage in their studies.

“ A memorable moment
was my first day of orientation where one lecture made it clear that determination, a good balance of hard work and a responsible personal life that entailed taking care of our overall well-being would be the deciding factor in getting to graduation.”

- Boledi Makanatleng
Bachelor of Arts in Psychology Graduate

Clubs and Societies.

Join local clubs and societies*, such as BioCom, netball, soccer, rugby, chess, choir, debate, esports, and more. We also encourage students to engage in leadership opportunities by running for the Student Representative Council (SRC) and other committees. Students can participate in the Eduvos Peer Mentoring Programme or become Mental Health Ambassadors.

Esports at Eduvos.

A League of Its Own.

We are committed to promoting diversity and inclusivity within our student population by creating activities that align with their passions. For our gaming enthusiasts, we've launched a subscription-based Esports League in partnership with RGB Gaming, aimed at fostering creativity and helping students connect with their gaming community.

Any student can join their campus league, regardless of their faculty, and stand the chance to compete in inter-campus tournaments. Students can also represent Eduvos at events such as Comic Con and develop valuable skills that benefit their studies, like teamwork, strategic thinking, and leadership.

In addition to our esports leagues, we offer a Higher Certificate in Information Systems (Game Design and Development). This qualification provides a strong theoretical and practical foundation in programming and databases, with a particular focus on game development, creating pathways to success for our students.

Did You Know?

Annually, we host a Game Jam and Hackathon, bringing together developers, designers, and enthusiasts for game creation and collaboration. Students form teams and create games using Unreal Engine in a limited time frame, making for a thrilling and action-packed experience.

“ When you're gaming
you need intense focus, which you also need when you're studying. I've also found that from a media studies perspective, gaming and my involvement with the esports club help my freelance esports broadcasting job.”

- Cameron Varga
Bachelor of Arts
(Media Studies) Student

Your Employment. Our Priority.

At Eduvos, we know that your time with us is just the beginning of your professional path. Our Employability and Work-Readiness Unit (EWRU) is dedicated to empowering students to transition smoothly from education to employment, ensuring they are fully prepared to excel in today's dynamic global economy.

At the heart of our mission, the EWRU aligns with our focus on holistic development, inclusivity, and global competitiveness. It offers targeted programmes that build essential skills, expand professional networks, and connect students to job placements. These programmes emphasise key graduate attributes aligned with industry standards, equipping you with the competencies needed to excel in your chosen field.

Eduvos actively partners with industry leaders, potential employers, and professional bodies to create opportunities for employment, internships, and mentorship. Through our Work-Integrated Learning (WIL) programme, you gain practical experience in real-world settings, connecting theory with workplace practice.

Our Professional Development Workshops further prepare you for interviews, job applications, and career growth.

We organise initiatives to connect our students directly with potential employers. Some of these include:

- Work-readiness workshops
- Career fairs
- Hack jams
- Student showcases
- Industry breakfasts
- Industry field trips
- Virtual employability centre
- CV building and interview skills

Our academic staff are dedicated to equipping you with the skills to confidently enter the workforce. We help you build 21st-century skills like critical thinking, goal setting, creative problem-solving, teamwork, and communication—the very qualities that employers actively seek.

Student Achievements.

We are so proud of our Vossies. Here are just a few of their remarkable achievements:

- Eduvos ranks among the Top 10 higher education institutions in South Africa at the 2024 GradStar Awards Top 500.
- Ten female IT students were selected for the MTN NextGen STEM programme.
- Two Biomedicine finalists in our inaugural Bio Centrifuge Africa Competition.
- Four Finalists in the 2024 Gold Pack Awards.
- A team of six IT students from our Pretoria Campus won the Best Service Mission Award in the Cars4Mars African Rover Challenge 2024.

“ I truly valued Eduvos's flexible approach to balancing work and study. This allowed me to gain extensive exposure in the field of law. Thanks to the Eduvos Employability Centre, I secured my current role as a financial advisor at a leading African financial services group.”

— Christiaan Joubert
Bachelor of Commerce in Law Graduate

Eduvos Career Fairs.

Eduvos Career Fairs offer invaluable opportunities for our students to network with industry leaders and explore diverse career paths.

The fairs feature leading experts from several companies who share their experiences, expertise, and insights into potential career opportunities. This interactive platform enables students to understand different professions and what it takes to succeed in them.

As part of our commitment to providing valuable insights and resources, we understand that these opportunities are just the beginning of our students' career journeys. We aim to equip prospective students, current students, and graduates with the knowledge they need to make informed decisions about their future careers.

During the Career Fairs, our valued industry partners will have the opportunity to select top talent from Eduvos, helping them fill key positions with the ideal candidates.

Eduvos Alumni Association.

The Eduvos Alumni Association is dedicated to building a vibrant, engaged community where Alumni stay connected, feel a strong sense of belonging, and learn from one another. Alumni are encouraged to give back by participating in mentorship programmes, networking, community projects, and sharing employment opportunities.

Our goal is to foster long-lasting, meaningful relationships between Eduvos, our management, staff, current students, and Alumni, with the purpose of mutual support and service.

Graduates are invited to register on myeduvos.com to become part of the digital home of the Eduvos Alumni Association.

“ The Alumni Association is a valuable platform that can enable Eduvos alumni and current students to access their next opportunity.”

— Nithando Lurwengu
Class of 2020,
Client Success Manager AES Global

The *Golden Key* Society.

Golden Key International Honour Society is the world's largest collegiate honour society for undergraduate and postgraduate students, with connections to over 400 universities worldwide. This includes local institutions like the University of the Witwatersrand, Stellenbosch University, and the University of Pretoria, to name a few.

Founded on the pillars of academic excellence, leadership, and service, Golden Key chapters are committed to fostering leadership development and promoting service initiatives at their institutions. Students qualify by ranking in the top 15% of their class. Once a member, they gain access to exclusive benefits, including scholarships, travel, and study abroad opportunities.

Eduvos is proud to be the first independent private higher education institution in South Africa to receive this prestigious recognition. The Golden Key membership is by invitation only, and Eduvos's affiliation with the society opens doors to limitless possibilities for our students. Over 560 Vossies have joined the Golden Key Society Eduvos Chapter thus far.

Our *Impact*.

At Eduvos, we are driving positive change across the continent. Our impact goals align with the United Nations Sustainable Development Goals (SDGs) and the African Union Agenda 2063. Through education, innovation, and community engagement, we empower future leaders to create meaningful change in Africa and beyond, fostering a more sustainable, inclusive, and prosperous future.

Our key areas of impact include:

Quality Education (SDG 4 & AU Goals 2 and 18)

Eduvos is increasing access to inclusive, equitable, and high-quality education. With over 17,000 students from more than 50 countries, we are equipping Africa's youth with the skills needed to lead the continent toward a bright and successful future.

Gender Equality (SDG 5 & AU Goals 17 and 18)

Eduvos fosters an inclusive environment where all students can thrive. Our policies, programmes, and initiatives actively promote gender equality by eliminating gender-based discrimination and ensuring equal opportunities for all. We support women and non-binary individuals in male-dominated fields such as STEM.

Decent Work and Economic Growth (SDG 8 & AU Goals 1 and 4)

As South Africa faces a youth unemployment crisis, Eduvos is addressing this challenge through industry-relevant curricula, work-integrated learning, career fairs, and partnerships with leading organisations. We prioritise equipping students with future-fit skills for the rapidly evolving job market.

Industry, Innovation, and Infrastructure (SDG 9 & AU Goal 4)

Eduvos is at the forefront of innovation, driving research that supports Africa's sustainable development. Our commitment is reflected in the integration of AI into the curriculum and the establishment of future-facing faculties. By partnering with leading tech companies such as EON Reality and industry leaders like the South African AI Association provide students with hands-on, industry-relevant experiences to ensure they are ready for the real world.

Peace, Justice, and Strong Institutions (SDG 16 & AU Goals 11-13)

By promoting democratic values and civic responsibility, Eduvos prepares students to become ethical leaders, contributing to the development of resilient institutions across Africa.

Partnerships for the Goals (SDG 17 & AU Goal 19)

Eduvos collaborates with local and international partners to enhance our students' educational journey. These partnerships bridge the gap between academia and industry, empowering students to succeed globally.

Research.

At Eduvos, our Research Agenda for 2023 to 2027 is guided by the mission of 'Empowering Sustainable Development in Africa'.

In the evolving landscape of higher education, research plays a pivotal role in tackling societal challenges, fostering sustainable development, and enhancing the curriculum that equips students for the future. As a cutting-edge academic institution, we are excited to contribute to the research landscape and help address critical issues for Africa's development. To ensure impactful research, we are aligning our research efforts with the Sustainable Development Goals (SDGs) and the African Union (AU) Agenda 2063 to achieve regional and global development objectives.

“Our research

The research produced at Eduvos must empower individuals, communities, and industries. Our research must be meaningful and seek to drive lasting transformation in Africa.”

– Dr Nyx McLean
Head of Research and Postgraduate Studies

Eduvos *Embraces AI.*

As technology reshapes the world, Eduvos is embracing the power of artificial intelligence (AI) to prepare our students with the skills and knowledge needed to succeed in the future workforce.

Our approach to integrating AI into higher education is rooted in ethics and adaptability. We are taking a proactive stance by engaging faculty and staff in discussions about AI, fostering AI literacy among students, and incorporating AI into the curriculum in creative and impactful ways.

Our students use AI as a supportive tool in their learning, guided by clear policies on responsible and ethical AI usage. They are encouraged to generate AI chatbot prompts as part of their modules while also critically assessing the AI-generated content. This approach helps them build a deeper understanding of both the potential and limitations of AI in their fields of study.

In addition to empowering our students, our academic content writers are exploring AI to enhance accessibility and clarity.

To support this initiative, we established a dedicated AI committee composed of academic staff, student representatives, support personnel, IT professionals, and more. This committee is responsible for exploring AI's risks, policies, and opportunities, ensuring that Eduvos remains at the forefront of AI-driven educational innovation.

“ It is imperative that we equip our students with the skills and competencies needed to thrive in a world fundamentally transformed by AI, and to excel in future careers that will be shaped by other technology disruptions that we cannot yet fathom.”

- Dr. Miné de Klerk
Dean, Curricula and Research

Terms and Conditions Apply.

Please note: We have made every effort to ensure the accuracy of the information contained in this brochure at the time of going to print. However, this information is subject to change and alterations may occur, including but not limited to, the programmes, fees, modes of offering, staff, and services described in this brochure. For this reason, it is important that you check the website for the most up-to-date information or contact us using the contact details contained in this document.

We reserve the right at our discretion to amend, withdraw, or add to qualifications, programme delivery and content, services, facilities, or locations of delivery at any time before or after an applicant's admission. We will, however, take reasonable steps to reduce any disruption to enrolled students. In the event of any of the above circumstances occurring, we cannot accept liability for any complaints or claims for costs, losses, or damages made by you.

By enrolling with Eduvos, you acknowledge and agree to abide by all Eduvos Terms & Conditions, including but not limited to the contract of enrolment and the conditions of enrolment. It is essential that you carefully read, understand, and adhere to these terms and conditions throughout your academic journey with Eduvos. Failure to do so may result in consequences outlined in the aforementioned documents. We encourage all prospective and current students to familiarise themselves with our policies to ensure a successful and harmonious educational experience.

Eduvos (Pty) Ltd (formerly known as Pearson Institute of Higher Education) is registered with the Department of Higher Education and Training (DHET) as a private higher education institution under the Higher Education Act, 101 of 1997 (as amended).

Certificate of Registration number: 2001/HE07/008.
